

INSTALLATION INSTRUCTION FOR VD-OMF6-43-UWI53

Important Installation Information

- Please read the complete description before starting the installation.
- Cable bending radius must not be less than 40 mm, and do not bend the cables more than 15 times in a row.
- For optimal operation, this antenna should **NOT** be mounted to a **metallic ceiling/surface**.

Installation Overall View

Installation Steps

- 1) Drill a hole in the ceiling with the diameter shown above.
- 2) Remove the lock nut from the antenna.
- 3) Insert the antenna cables through the ceiling hole.
- 4) Reinstall the lock nut so that it is close-fitting to the ceiling.
